

## Johansson Lo De Guzman

*Johansson Lo de Guzman, MPharm (Clinical Pharmacy)(USM)* is a pharmacist with an extensive blend of background and experience in the pharmaceutical, nutraceutical, cosmetics, healthcare, medical device, and consumer goods industries.

With a career that began as a one of the top finalists in the 2007 Novartis Biotechnology Leadership Camp (BioCamp) - Philippines, Johansson made significant strides at Novartis Healthcare, contributing to the successful launch of Exforge® (Valsartan+Amlodipine) in the Philippines. His pioneering spirit continued as he became the first Filipino Clinical Pharmacy Lecturer at Universiti Teknologi MARA (UiTM), Malaysia, and the first Medical Science Liaison at Sanofi Philippines.

His diverse experience extends to roles as Corporate Pharma Head at Generika Drugstore Chain of AC Healthcare (member of the Ayala Group of companies), and leader of the Global Business Development, Marketing, and External Affairs at Lloyd Laboratories from the Philippines.

In addition to his professional roles, Johansson has also been an active contributor in various industry thought leadership roles such as:

- Trustee, Philippine Pharmaceutical Manufacturers Association (PPMA)
- Trustee, Chamber of Cosmetics Industry of the Philippines (CCIP)
- Member, Philippine Department of Health (DOH) Advisory Council
- Member, Philippine Food and Drug Administration (FDA) – Philippine Anti-Red Tape Authority (ARTA) Stakeholders Group
- Member, Philippine Department of Health (DOH) Technical Working Group (TWG) – Drug and Medical Device Security
- Contributor, Bureau of Philippine Standards (BPS) Technical Committee on Halal Cosmetics and Toiletries
- Member, Philippine Pharmaceutical Industry Road Map Technical Working Group (TWG) – Department of Trade and Industry (DTI) – Board of Investment (BOI)
- Member, Philippine Covid-19 Vaccine Manufacturers Green Lane Technical Working Group (TWG) - Philippine Anti-Red Tape Authority (ARTA)
- Subject Matter Expert, International Society of Pharmaceutical Engineering (ISPE) – Philippines Affiliate
- Member, Rotary Club of Pasig – District 3800, Philippines

With his diverse and extensive background in external affairs management, business development, communication, market strategy, and project management, Johansson now provides independent consulting services across pharmaceuticals, food, cosmetics, medical devices, healthcare, and consumer goods industries while transitioning and settling in Sweden. He is currently based in Stockholm together with his wife, Christina, who manages one of the Global Learning programs of McKinsey & Co.

Välkommen!
